

# How dangerous are “smart” (or “advanced”) meters?

*You are cordially invited to a FREE public lecture by  
Don Maisch, PhD on:*

---

## **“The Smart Electricity Grid: Claims, Pitfalls, and Unintended Consequences”**

---

**Date:** Tuesday, November 26

**Time:** 7:15 -9:15pm

**Venue:** St Lukes Presbyterian Church,  
130 Remuera Rd, Remuera, Auckland

**Cost:** Free (Koha would be appreciated)

Dr Maisch’s PhD examines the influence of vested interests on EMR safety standards and tells you why you should be deeply concerned.

More information about Dr Maisch and his work may be found at his website [www.emfacts.com](http://www.emfacts.com)
