

How dangerous are “smart” (or “advanced”) meters?

*You are cordially invited to a FREE public lecture by
Don Maisch, PhD on:*

“The Smart Electricity Grid: Claims, Pitfalls, and Unintended Consequences”

Date: Thursday, 21st November

Time: 7.30 - 9 pm.

Venue: St. Mark’s Church in the ‘Wilson’s Room’
(entrance at back of church)

101 Opawa Rd, Opawa Christchurch

Cost: Free (Koha would be appreciated)

Dr Maisch’s PhD examines the influence of vested interests on EMR safety standards and tells you why you should be deeply concerned.

More information about Dr Maisch and his work may be found at his website www.emfacts.com
